WOW!

We had our WOW day on Thursday 4th January. We were lucky enough to have an alien spaceship crash land in the classroom! We spent some time investigating and exploring as well as collecting samples of alien materials.

We will also have a parental involvement afternoon later on in the term; we will send a letter out nearer the time.

Home Learning

As last term, the children have home learning books which have a page with a list of different activities you can do with your child. We ask that you complete at least 5/6 of these and make notes/take photos of each in the home learning book.

Reading: all children will be bringing home 3 book band books a week. They should read every day with the support of an adult for at least 10 minutes. Please could you write the date, title of the book and your initials to show how much reading your child is doing at home. Children will be changing their books once a week and will be notified which day they will be changing them. We expect the children to be responsible for changing their book and putting the parent comment book in the box provided.

Supporting your child's learning at home:

There are a number of good, child-friendly websites, including www.topmarks.co.uk which is used frequently in school. This website covers all areas of the curriculum. Phonics – www.phonicsplay.com This website is extremely useful for supporting your child's reading and phonics skills. In June, children in Year 1 nationally take part in a phonics screening check which assesses their phonics skills.
